Subject: Circular to Shipowners

It has come to attention recently that Port State Control Officers, upon reviewing the certificates onboard, have found previously issued Interim Certificates onboard which are still valid whilst the Full Term certificates have also been placed onboard. Due to this, it had generated some queries from the PSCO.

We would therefore advise all Owners to inform their master that once they receive the FULL TERM certificates on board, the Master should then at the earliest opportunity return the other certificates to the owner's office.
